Farmer Boys in Camp

On August twenty-third the Tri-State Encampment started at Grottoes, Virginia. Boys from West Virginia, Maryland and Virginia attended the encampment, all were Agricultural Club members; there were forty six boys from West Virginia, nine from Maryland and thirty-seven from Virginia. Most of the boys arrived during Monday forenoon, but some of the Virginia boys did not get there until late Monday night.

Monday night we boys climbed to the top of the mountain, where a large fire was built, the boys and instructors all formed a large circle around it This was called the "Council Circle". That night the boys voted that no smoking should be allowed on the camp grounds and that no neckties were to be worn by any of us boys or instructors. These rules were carried out perfectly; some of the men and boys that arrived late had the pleasure of having their neckties taken off and a little rough treatment, by some of the boys.

On Tuesday morning we were aroused from our comfortable cots by a shrill sounding whistle and ordered to fall in double raak in front of our tents. Then the athletic instructor, "Al," gave us some setting-up exercises. Then all who wanted to, went to the river and took a "dip". The Shenandoah River flowed right by our tents. We dressed and went to breakfast, the meals were served cafeteria style, we grabbed a plate and fell in line and got what was coming to us; sitting on the ground, we ate. A colored man cooked for us.

After breakfast Mr. Kendrick (assistant director of extension division of West Virginia—in charge of the camp), called us together and divided us into different groups; boys eighteen years old in one group; those seventeen, sixteen, fifteen and fourteen, each in separate groups. He told us what our daily schedule would be. We then went to our classes, each group going to a different class. There were five classes: first Agriculture, conducted by Mr. Derrick of Maryland, and Mr King of Virginia; second Agriculture, conducted by Mr. Crosby of Virginia; class of Four "H" Charting, conducted by Mr. Frame of West Virginia; Camp Craft, by Mr. Jinks of Maryland; and lessons about the Four "H's" by Mr. Hartley of West Virginia. Classes began at eight o'clock and continued until ten thirty, giving us thirty-minute periods They were all conducted out of doors beneath the open sky. From ten thirty to eleven o'clock we had a vacant period; at eleven o'clock we assembled in a large picnic pavilion, where we heard addresses and short lectures by prominent men of the three States.

Every day the program was practically the same. On Wednesday we practiced a pageant, which we rendered Thursday night; people from the community came to see it. Wednesday afternoon the Mingoes played ball against the Cherokees—the Cherokees won by a large score. Wednesday night we all went through the famous and wonderful Weyers Cave, we enjoyed this more than anything during the encampment; it was a wonderful sight. The Cherokees were to play the championship game with the Delawares Thursday, but the entire afternoon was taken up by the government moving picture camera man, who took some fine pictures around the camp, so the game was postponed until Friday and it rained all day, so the championship game was never played. Friday at the assembly, in the picnic pavilion, the first Tri State officers were elected; the president is from West Virginia; William C. Rivers, of Dinwiddie county, Virginia, was made secretary; a vice-president was elected from each State, and the treasurer is from Maryland. It was not fully decided whether we will meet at Grottoes or some other place next year.

FARMER BOY.

Buckingham

Justice of the Peace Hugh Moss tried a case against a Mr. Harvey here last Wednesday; this was Mr. Moss' first case, I think, since he was appointed and he will no doubt make a good officer.

The county school board has promised the negroes to put up as much for the proposed negro training school as they raise among themselves, not to exceed the sum of $5000, and it looks as if the negroes are going to come across with their $5000

It seems now as if the teachers' meeting, to be held here on Saturday of this week, is going to be well attended.

The rural schools will open in this county the first Monday in October

Thieves have been quite busy of late, and I heard one of them say a man could do most anything now and not be punished This is the first year I have known them to steal tools to work with, and now they are stealing turkeys and chickens.

An agent of a school supply company was here last week trying to sell school desks at $10 each and they used to sell for $3 50 each.

Agents are selling 16% acid phosphate at $33 a ton cash and $35 a ton on time; this is just ten dollars a ton higher than it was last year.

Seedsmen are asking $3.50 a bushel for wheat, when it can be bought on the local market for $2 25 and $2 50 a bushel.

From the way the ladies are qualifying themselves to vote, it looks as if they will be a great factor in the coming election. One of our ministers has advised the ladies to try to use the new privilege to the glory of God. "Woman, once man's superior, now his equal", let us hope that in the muddy pool of politics she may not be abased, but that she may serve to elevate us men.

I hear that good man and good citizen, J M. Seward, is trying to sell his farm in this county, which we all regret. Mr Seward is now engaged in rice culture.

The mail order houses claim to have reduced the prices on clothing considerably; with wool at 25 cents and an all-wool suit selling at from $60 to $100 it was time for a reduction in prices.

Farmers are still much concerned about the low prices at which tobacco has been selling on the Southern markets and they will not be in a rush to market their crop this year.

Commission men say fat hogs are in demand. I should think they would be at the prices now prevailing.

Old hams selling here far 4 cents a pound.

THE "OLD RELIABLE"

THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work.

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

At all druggists. (J. 75)

Great Days for Appomattox

Ford

THE UNIVERSAL CAR

REDUCTION IN PRICES OF FORD CARS

The War Is Over and War Prices Must Go!

The Following Prices on Ford Products Were Effective September 22, 1920:

Runabout	$395	Sedan	$795
Touring Car	$440	Truck Chassis	$545
Coupe	$745	Tractors	$790

with dual electric starting and lighting system $465

with dual electric starting and lighting system $510

with dual electric starting and lighting system and demountable rims

with dual electric starting and lighting system and demountable rims

with pneumatic tires and demountable rims

The Ford Motor Company makes this reduction in the face of the fact that they have on hand immediate orders for 146,065 cars and tractors. The company will suffer a temporary loss while using up the material bought at high prices. They are willing to make the sacrifice in order to bring business back to a going condition as quickly as possible and maintain the momentum of the buying power of the country. Henry Ford says: "The war is over and it is time war prices were over. There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interests of all it is time a real practical effort was made to bring the business of the country and the life of the country down to regular pre-war standards."

We are at your command, with regular Ford efficiency in service and eagerness, to fill your orders.

A Guaranteed Income!

There are investments and investments. Stocks and bonds are subject to so many and such diverse influences that it is never possible to say with certainty that they will not depreciate in value

Certain securities are, of course, far more desirable than others, and one can reasonably count on their stability.

There is one security, however, that we can always recommend without any reservation whatever Its market value never fluctuates. The interest is paid regularly and the principal is always repaid as promised.

We refer to our interest-bearing Certificates of Deposit—a 100 per cent Safe and Sound investment for either short or long periods
